

TRAFFIC ADVISORY

In view of proposed closure of Cubbon Road between Minsk Square (CTO junction) to BRV junction due to underground Metro work, following advisories are issued for the public to ensure free flow.

(A) Tips for the commuters coming from Manipal Center proceeding towards CTO;

All such commuters henceforth will not be able to proceed beyond BRV junction on Cubbon Road

a) Those going towards Raj Bhavan Road, Basaveshwara Circle (Chalukya Hotel), Vidhan Soudh West gate and Bellary Road should turn left at BRV junction (free left without signal); turn right at Anil Kumble Circle; turn right at Queen's Circle (Mahatma Gandhi Statue) and proceed towards Raj Bhavan and Basaveshwara Circle via CTO and GPO as usual.

b) Those going to High Court should take free left turn at BRV junction; turn right at Anil Kumble junction; go straight at Queens Circle into King's Road and join Dr.Ambedkar Veedhi through newly opened road in front of Press Club and proceed to High Court. They need not go to CTO and GPO any more.

c) Commuters proceeding towards K.R.Circle should take free left turn at BRV junction; right turn at Anil Kumble Circle, left turn into Kasturba Road at Queen's Circle, right turn at Siddalingaiah Junction (newly opened right turn) and proceed to K.R.Circle via Cubbon Park, Century Club and so on. These commuters can also take an alternate road by moving straight into Bal Bhavan Road from Queen's Circle and join Cubbon Park Road near KSLTA and proceed to K.R.Circle (They can avoid signal at Siddalingaiah Circle this way).

d) Commuters going to Mekhri Circle and onward journey towards Devanhalli should actually take right turn at BRV junction into Central Street; reach BMTC depot at Shivajinagar; take left turn at Jyo Cafe junction, continue on M.K.Street towards Indian Express or Balekundri junction; continue straight on Cunningham Road; turn right on Millers Road at Chandrika Hotel; join Jayamahar Road via Cantonment underpass and proceed to Mekhri Circle.

e) Light motor vehicles going towards Mekhri Circle onward journey may also take right turn at Main Guard Cross Road towards Safina Plaza and continue on Main Guard Road up to Hospital Road; Take left turn at Hospital Road and join BMTC depot; turn left for onward journey towards Shivaji Circle and Balekundri circle; continue straight on Cunningham Road; turn right on Millers Road at Chandrika Hotel.

f) Henceforth, while coming from Cauvery Arts and Emporium towards Anil Kumble; no right turn will be allowed at Anil Kumble junction towards Central Street.

g) Similarly reasonable restrictions will be imposed on parking of vehicles on all the concerned roads.

2. However, traffic police strongly advises those going beyond Mekhri Circle to not to come to Cubbon Road at all. Such commuters should drive towards Gurudwara at Trinity Circle; continue on

Gangadhar Chettiyar Road; join War Memorial at Halasur Lake; continue on St. John Church Road via Naga Theater, Thomas Cafe; Coles Park junction; Haines junction; Nandidurga Road to join Jayamahar Road for onward journey via Mekhri Circle.

3. Traffic Police also strongly advises those commuting from Indiranagar Koramangala, Electronic City, Whitefield, NGF, Old Madras Road, Domlur to not to come to central area and instead use Outer Ring Road at the nearest point and continue towards new airport via Hebbal.

5. They can also use newly built road from Nagavara as well as Hennur junction by taking right turn and joining Bellary Road at the Bagalur Cross. This is totally signal free four lane road. Thus they need not come to the center of the city as well as Hebbal road up to Bagalur Cross as Devenhalli road is congested due to ongoing elevated road construction work.

(B) Tips for commuters travelling from CTO towards Manipal Center;

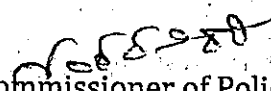

All such commuter will not be able to proceed on Cubbon Road from CTO.

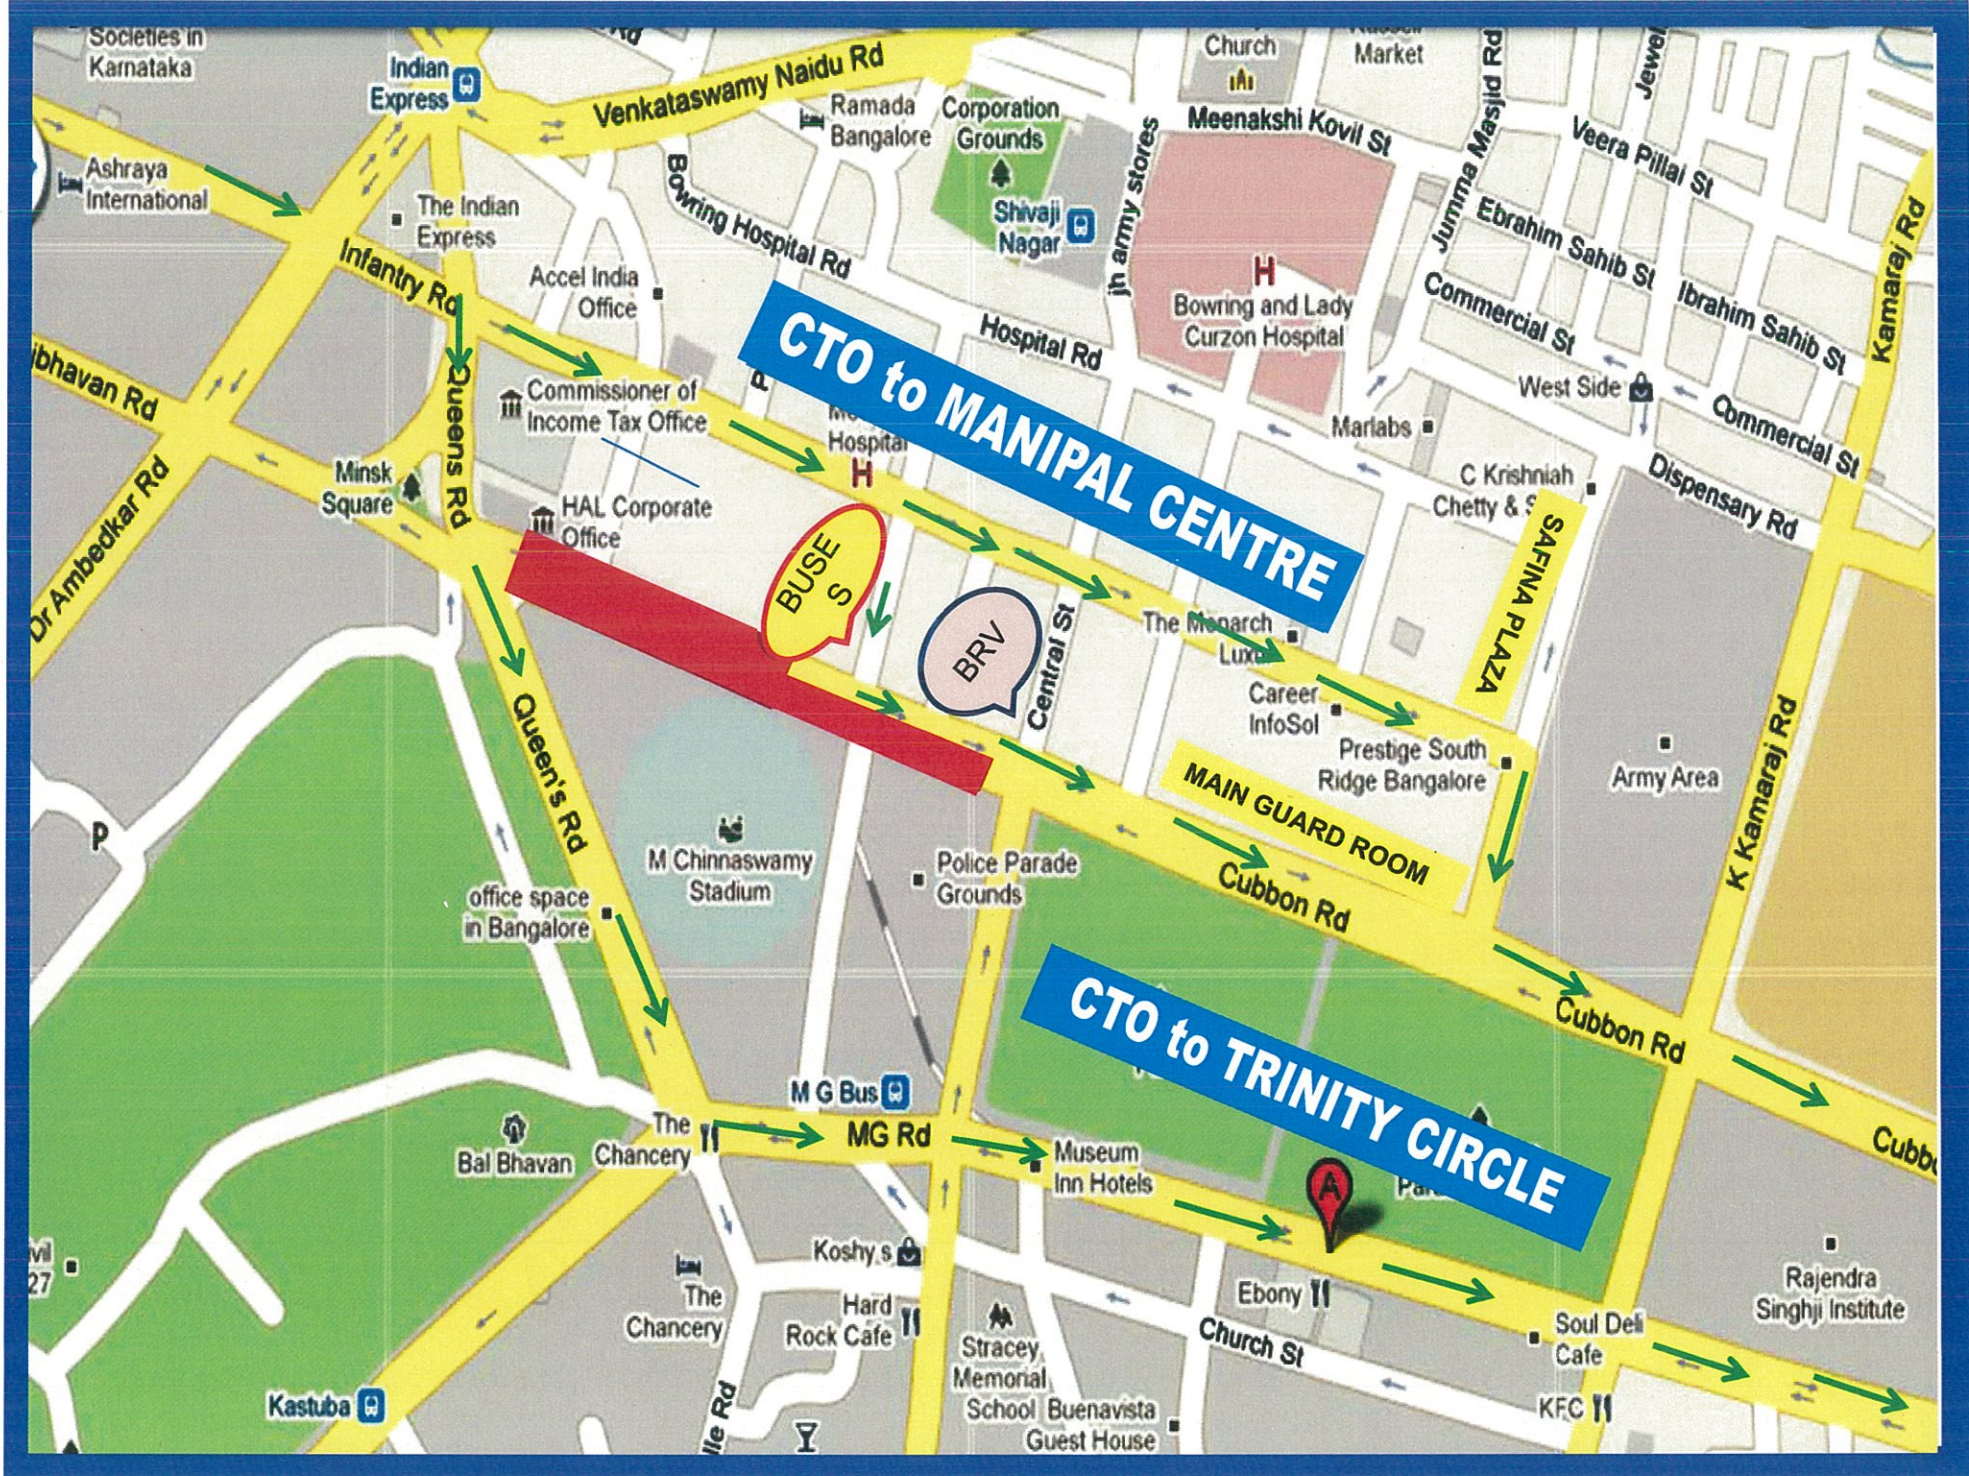

a) Since Cubbon Road between Minsk Square (CTO junction and BRV junction will be closed, all the commuters coming from LRDE, Raj Bhavan, Police Commissioner's office, Infantry Road Coffee Board towards Traffic Headquarters junction instead of turning right towards Minsk Square should continue straight up to Safina Plaza; take right turn on Main Guard cross road and take free left on to Cubbon Road to continue towards Manipal Center. The buses and other heavy vehicles moving on Infantry Road can take right turn at Union Road; take free left turn towards Cubbon Road and continue on Cubbon Road. LMVs can also take right turn on Lady Curzon road & join Cubbon Road.

b) However, if the commuters have to go towards Trinity junction traffic police strongly advice them to take right turn at Traffic Headquarter towards Minsk Square and continue on Queen's Road till Queen's Circle at the beginning of M.G.Road; take left towards Anil Kumble; continue straight towards Cauvery Arts and Emporium junction, Mayo Hall junction, Webs junction and Trinity Circle junction. They need not go to Cubbon Road at all. M.G.Road can take greater load of traffic due to completion of metro work on this stretch.

c) However, traffic police strongly advice commuters to avoid coming to Raj Bhavan, Infantry road etc, and instead take Jayamahar Road from Mekhri Circle; continue on Hajcamp junction, Coles Park, Haine's junction, Thomas Cafe junction, Naga theater, War memorial, MEG, Murphy Road (Kensington junction near Philips) and continue on Old Madras junction to reach Indiranagar, Airport Road & Domlur etc.

d) Similarly, commuters from International Airport are strongly advised to use Outer Ring Road without coming to city center while moving towards Indiranagar, Whitefield, Electronic City, Koramangala etc.
